ABOUT ME

Aspiring Front-end Developer with a strong passion for creating engaging and responsive web experiences.

While my previous professional experience has been in the information technology and services industry, I am excited to transition into the dynamic and creative world of web development. With a problem-solving mindset and a keen eye for detail, I am eager to apply my analytical and creative skills to build intuitive and user-friendly interfaces. As a self-taught person I am constantly seeking new challenges and opportunities to enhance my technical skills. I'm a team player who loves collaborating with others and has great communication skills. I'm excited to work alongside other developers to create awesome digital experiences that really wow users!

WORK EXPERIENCE

[09/2022 – Current]

Self-Taught Front-End Developer

Country: Romania

As a self-taught front-end developer, I have developed a portfolio website to showcase my work and highlight my technical skills. My portfolio includes projects completed using HTML, CSS, JavaScript and React. These projects include creating responsive and mobile-friendly layout, engaging content, and interactive user interfaces.
